December 2014

president's message

Did you know that December is a month of varied celebrations across the world ...Bodhi Day, Pancha Ganapati, Shabe Yaoda, Sadeh, Chahar Shanbeh Suri, Eid al-Adha, Boxing Day?

We are most familiar with Hanukkah, Christmas and Kwanzaa. To accommodate this rich cultural diversity, I say Happy Holidays, Happy Hanukkah, Merry Christmas, Happy Kwanzaa and a Happy New Year to all. May your days be merry and bright!

MONTHLY MEETING

The next monthly MOS meeting will be held December 18, 2014. Don't forget that this is the MOS holiday party. There will be no speaker or education corner, so everyone can enjoy delectable holiday cuisine and sparkling conversation with fellow members. Feel free to bring your significant others and of course bring a party dish and/or refreshments to share. It is a wild time, often extending 'til daybreak. Let Barbara Buck know what you will be bringing.

BOARD MEETING

The next board of trustees meeting is January 22 at the home of Sarah Spence. All members are welcome to attend.

MOS ANNUAL SHOW

It's never too early to start thinking about the **Maryland Orchid Society Show and Sale**. We'll need lots of help and just as importantly we'll need you and your best exhibit friends to put in another beautiful exhibit. Six-square-foot table top to a floor exhibit, we want them all.

Here are the dates for your calendar:

Wednesday March 4 - Install your exhibit
Thursday, March 5 - AOS Judging and Preview Party and Sale
Friday-Sunday, March 6-8, Show open to the public. More on this in next month's newsletter.

Cattleya Triumphans

Cattleya Triumphans, a remake of a 100+ year old hybrid, is one of my most satisfying plants. It is a hybrid between the warm-growing *Cattleya dowiana* and the cool-growing *Cattleya rex*. Both parents can be cranky growers because of their cultural requirements. The hybrid seems comfortable across the temperature spectrum and is quite free blooming. The spectacular lip picks up the beautiful color and veining from *dowiana* and *rex* and the white edge from the *rex*. Both parents have bright light yellow sepals and petals. The plant was purchased from The Orchid Trail in North Carolina.

MOS Newsletter Editor Needs Replacement

After nine years of laying out and editing the MOS Newsletter, I am hoping to hand off this important mantle to someone new. It has been a fun and interesting job and I have learned a great deal. It is now time for someone else to reap the rewards of such an esteemed position. If anyone is interested, please contact Laura Sobelman at sobelman1@verizon.net. The June 2014 issue will most likely be my last MOS newsletter.

education corner

There is no education corner for December, but don’t miss January’s when Bill Soyke (pictured with Sandy) will be speaking and answering questions about *Phalaenopsis*.
